

I want to take this opportunity to talk to you about my favorite radio station, K-Love. I understand that you are considering expanding LPFM stations and that they will take priority over the current FM translator service. My fear is that this will leave me without my K-LOVE signal. K-LOVE is not just another radio station. It provides a valuable service to many people. It is an outreach that gives people hope for tomorrow. I have three teen-aged boys and I wish you could hear them singing songs of praise and worship as opposed to songs from Eminem and the like. The devotionals that they offer provide uplifting moments to our day. If K-LOVE could not be broadcast in our community it would be a tragedy. Families are having a hard enough time staying together without taking away a station that provides family friendly programming through songs and devotions. K-LOVE has a positive, encouraging impact on communities all across America. Moral decay is all around. Songwriters are singing about rape, bombings, suicide and they are glamorizing infidelity, pre-marital sex and incest. In this day and age, more than ever, our communities need something to hold onto. Someone who is reaching out when people are hurting. Someone who really, really cares about people. K-LOVE is that someone. There are real people on the other end of the mic and they welcome your phone calls and prayer requests. Please, don't do anything that would take away my K-LOVE signal. Our community NEEDS this service.
